Subject: [EXTERNAL] Re: public comment on federal register re armstron energy nanushak project in alaska by colville river

im totally opposed to Armstrong energy being allowed to drill in this nanushak project. the destruction of th eriver with the pollution that comes with oil drilling is unbearable for all americans. we don't need this energy. we don't need to allow rich white men to drill all over since we don't need this energy in America and we don't want the pollution that comes so these rich white men can make big by selling out the American peopoe. this is a sell out of the American people because this energy is not for them. its for profiteering. stop this development. this comment is for the public record. we have to start protecting sites. please receipt. make sure I get copies of all development on this horror. jean publiee jeanpublic1@yahoo.com
